

## Little Silver Rainbow Lakes Property Owners Association

### Executives and Boards

As the information at hand is sometimes conflicting, it is hoped that we have made it as accurate as possible. The Association would be grateful for any corrections that can be documented. While there does not appear to be a formal position of lake steward until late in the history of the Association, from the earliest time, an individual has been charged with doing some water testing. For completeness of the record, the name of this person is given when available.
