

PMU 199 Mathematical Explorations  
Assignment 7 (Revised Nov 2)

Prof. McCann

Due: Thursday Nov. 4, 2010

NOT TO BE HANDED IN:

Read Sections 6.3, 6.4 and 6.5.

§1.1 Story #6

§6.5 # 38, 39, 40 of 3rd ed. (or §6.2 of 2nd ed.)

TO BE TURNED IN:

§6.2 # 14 of 3rd ed. (or §6.3 of 2nd ed.)

§6.3 # 15, 17 of 3rd ed. (or §6.6 of 2nd ed.)

Your third electronic journal entry is due by Nov 4.

Most important: a complete rough draft of your paper should be turned in during class on Thursday Nov 11. Even though this is a rough draft, it should be as finished and as polished as you can make it. I will read these and provide you with feedback by Nov 18 (or failing that, by Nov 25) to help improve your final draft. I do not plan to assign your rough draft a grade per se, but turning it in on time is worth 15 per cent of your eventual grade for the project (discounted by the usual five per cent per day late). Not getting the draft to me by Nov 11 can only have an adverse effect on your final project grade, since you will not have the advantage of a round of feedback.
